## World Aquaculture 2011 Sessions at a Glance

Tuesday, June 7		
Grouper, Eel, Bass and Other Marine Finfish Species	11:30	12:30
Seafood Technology Book Launch	11:30	12:30
Student Career Seminar	11:30	12:30
VIII International Shrimp Farming Symposium FENACAM	11:30	12:30
Finfish Nutrition and Feeding Strategies	11:30	17:30
Evolving to an Ecosystem Approach for Aquaculture	11:30	17:30
Freshwater Prawn - GTCAD Working Group - Workshop	11:30	17:30
Tuna and Yellowtails	14:00	15:30
Marine Shrimp Health	14:00	17:30
Recirculating Systems	14:00	17:30
Education, Extension, and Technology Transfer	14:00	17:30
IAFI	14:00	17:30
Farmers Finfish Session	14:00	17:30
Catfish, Carp and Other Freshwater Finfish Species	16:00	17:30
Wednesday, June 8		
Advances in Aquafood Processing	8:30	10:30
Marine Shrimp Genetics	8:30	10:30
Periphyton-based Aquaculture: Productivity and Profitability?	8:30	10:30
Sea Ranching	8:30	10:30
Oyster Culture	8:30	12:30
Brazilian Indigenous Species	8:30	12:30
Finfish Nutrition and Feeding Strategies - continued	8:30	12:30
VIII International Shrimp Farming Symposium FENACAM – con't	8:30	12:30
Finfish Health	8:30	17:30
Aquaculture Engineering Session (AES)	8:30	17:30
Marine Shrimp Maturation and Hatchery Management		12:30
Open Ocean Aquaculture		12:30
Food Safety and Security		15:30
Sustainable Aquaculture: General	11:00	17:30
Cage-Culture	14:00	15:30
R & D of Aquaculture in Brazil		15:30
Cobia		17:30
Mussels, Pearl, Clams, Scallops and Queen Conch Culture		17:30
Farmers Finfish Session - continued		17:30
Microalgae: Bioenergy and Bioproducts	16:00	17:30
T		
Thursday, June 9	0.20	10.20
Measuring Sustainability in a Changing World	8:30	10:30
Feed Additives for Aquaculture	8:30	10:30
Antimicrobials in Aquaculture Feeds	8:30	10:30
Scientific Publication in Aquaculture	8:30	10:30
Mollusc Reproduction, Nutrition and Growout	8:30	12:00
Fish Meal and Oil Replacements	8:30	12:00

VIII International Shrimp Farming Symposium FENACAM – con't	8:30 12:30
Freshwater Prawns - Macrobrachium	8:30 15:00
Finfish Physiology, Morphology and Reproduction	8:30 17:30
Aquaculture Economics (IAEEM)	8:30 17:30
Functional Genomics in Aquaculture	11:00 12:00
Drugs and Therapeutants	11:00 15:00
Tilapia	11:00 17:30
Octopus Culture	13:30 15:00
Achieving Social Responsibility in	
Financially Sustainable Aquaculture Development	13:30 15:00
European Community	13:30 15:00
Marine Shrimp Feed and Nutrition	13:30 17:30
Alternative Feedstuffs and Aquafeeds	13:30 17:30
General Crustacean Culture (Cray fish, crabs, lobsters etc)	15:30 17:30
Frog Culture	15:30 17:30
Aquaculture for Rural Poor People	15:30 17:30
Friday, June 10	
Mollusc Environmental and Health Management	8:30 10:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations	8:30 10:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics	8:30 10:00 8:30 12:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment	8:30 10:00 8:30 12:00 8:30 12:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment VIII International Shrimp Farming Symposium FENACAM – con't	8:30 10:00 8:30 12:00 8:30 12:00 8:30 12:30
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment	8:30 10:00 8:30 12:00 8:30 12:00 8:30 12:30 8:30 17:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment VIII International Shrimp Farming Symposium FENACAM – con't	8:30 10:00 8:30 12:00 8:30 12:00 8:30 12:30
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment VIII International Shrimp Farming Symposium FENACAM – con't FinFish Contributed	8:30 10:00 8:30 12:00 8:30 12:00 8:30 12:30 8:30 17:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment VIII International Shrimp Farming Symposium FENACAM – con't FinFish Contributed Latin American and Caribbean Aquaculture	8:30 10:00 8:30 12:00 8:30 12:00 8:30 12:30 8:30 17:00 8:00 17:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment VIII International Shrimp Farming Symposium FENACAM – con't FinFish Contributed Latin American and Caribbean Aquaculture Ornamentals	8:30 10:00 8:30 12:00 8:30 12:00 8:30 12:30 8:30 17:00 8:00 17:00 8:30 17:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment VIII International Shrimp Farming Symposium FENACAM – con't FinFish Contributed Latin American and Caribbean Aquaculture Ornamentals Bio-floc Systems	8:30 10:00 8:30 12:00 8:30 12:00 8:30 12:30 8:30 17:00 8:00 17:00 8:30 17:00 8:30 17:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment VIII International Shrimp Farming Symposium FENACAM – con't FinFish Contributed Latin American and Caribbean Aquaculture Ornamentals Bio-floc Systems Mollusc Genetics and Biotechnology	8:30 10:00 8:30 12:00 8:30 12:00 8:30 12:30 8:30 17:00 8:00 17:00 8:30 17:00 8:30 17:00 10:30 12:00
Mollusc Environmental and Health Management Aquaculture Policy and Regulations Finfish Genetics Best Management Practices and Waste Treatment VIII International Shrimp Farming Symposium FENACAM – con't FinFish Contributed Latin American and Caribbean Aquaculture Ornamentals Bio-floc Systems Mollusc Genetics and Biotechnology General Aquaculture Contributed	8:30 10:00 8:30 12:00 8:30 12:30 8:30 17:00 8:30 17:00 8:30 17:00 8:30 17:00 10:30 12:00 10:30 17:00
